IMPORTANT INFORMATION FOR PARENTS OF NEXT YEAR'S SENIORS:
MENINGOCOCCAL VACCINE(S) REQUIRED BY
START OF SCHOOL YEAR IN SEPTEMBER

Beginning September 1, 2017, all students entering 7th and 12th grades in New York State must be fully vaccinated against meningococcal disease in order to attend school. **Students who are not up-to-date will not be allowed to attend school until they are vaccinated.***

Parents, please note
Before school this September:

- Your 12th-grader must have received **two doses of the meningococcal vaccine unless he/she received the first dose after turning 16**. Most students entering 12th grade got their first dose when they were younger and are now due for their second dose, or booster. This booster is needed because protection from the vaccine decreases over time.
- If your child had one or two doses of the meningococcal vaccine prior to his/her 16th birthday, he/she **must have a second dose in order to begin school in September.***

It's best to check with your doctor to see whether or not your child needs the vaccine. The vaccine may be given by your primary provider or the Chemung County Health Department. For information on how to get the vaccine at the Health Department and particular insurance coverage, call 737-2028.

About the Vaccine:

- It's not a new vaccine; it has been recommended for a decade.
- What's new is that the vaccine will be **required** for school entry as of September 1, 2017.
- Most parents already choose to vaccinate their children.

About Meningococcal Disease:

- It causes **bacterial meningitis** and other serious diseases.
- Teens and young adults are at greater risk.
- It comes on quickly and without warning.
- Its symptoms are similar to the flu.
- Every case of this disease can result in death or long-term disability.

To learn more about this and other vaccination requirements in New York State, visit www.health.ny.gov/immunize. For specific questions about your child, please contact your primary provider. For questions about the High School Health Office, call 795-2500, x1622.

**Public Health Law requires that all students meet immunization requirements. Students transferring within New York State have 14 calendar days to submit required immunizations. Students transferring from out of state or out of country have 30 days to submit required immunizations*
