NEWS FROM THE HIGH SCHOOL LIBRARY

The library website is a great resource for your students. It's not just for finding books, but for everything from research to creating citations to technology help tips. Students can access the library 24/7 by going to www.horseheadsdistrict.com/high/library. If you have any questions about our library resources please contact Mrs. Frei (mfrei@horseheadsdistrict.com) or Mrs. Sheets (msheets@horseheadsdistrict.com). The library is open for students from 7:30-3:30 each school day.

LIBRARY TECH TIP: Students often need Word, PowerPoint, or Excel to complete school assignments. **Don't have these at home? No problem!** Your students now have their own school email and access to all these programs 'in the cloud' through Office 365. A great benefit to having this account is that the full version of Microsoft Office can be downloaded at home to up to five devices. Students now have unlimited access to storage in the 365 cloud which stores your documents, spreadsheets, and presentations where students can access them from any internet connected device – no more need to bring things back and forth on a flash or email things to themselves.

Many teachers are now sending students emails about assignments and they are also receiving messages from the office and library through their school emails. **Please encourage your students to check their email regularly** so that they don't miss important information. We are more than happy to help your students access this valuable resource on their computers or smart phones. Just have them come and visit us in the library.
