9:00 Arrival to HS stadium: Each school will have a welcome song. \*We need to make sure sound system is loud\*

9:10: Welcome: Principals will go over the goal of the day, explain the bracelets and shirts and go over the rules and expectations

9:30: Meet in groups on field: Each group will have students from each school mixed together. They will play the name game. Each student will go around and say their name and something about themselves or something they like. If there is extra time they can go around again and say something else. Nametags will be done ahead of time and handed out with the shirts in the morning. There will be 16 groups split into 8 and 8. Last year snack was far from the next station, so we talked about changing the set up. Snack will be next to the building.

**Shirts:** Blue t-shirt with class of 2033 logo. Sam Eck has the current logo. Melissa Gillette can send Sam a copy of what we ordered last year. We will send out a flyer asking for student shirt sizes and have them returned before spring break. Each school will need to order a couple extra student shirts. All 4<sup>th</sup> grade teachers, principals, 12-1 staff and social workers will also receive a shirt. Each school will collect all sizes needed and send to RR, and RR will order the shirts. Shirts will be around \$7, and we will ask families for donations for other students.

**Volunteers:** Each school will need about 12 volunteers. Each volunteer will receive a lei. GR will order leis. A letter will be sent home asking for volunteer availability: all day, just for the event, or set up/cleanup. Some adults will be needed for bathroom runners.

**Bracelets:** Gardner road will order bracelets. RR needs to check and see how many they have first.

**Snacks:** chips and water: make sure to also have enough for all adults. Center Street will order. CS will also bring markers and cones.

**Big Flats** will set up electronic stuff: schedule for games/volunteers and student groups. Liz will arrange transportation for all schools and set up the date/location.

**Clean up:** Each school will have a sign, so volunteers know where to put materials.

Patti will get something to put next to bathrooms, so students know where it is (balloons)
