

# Attention High School Rising Juniors!

*Corning Incorporated is now accepting applications for the 2024 Corning Summer Science Experience Program held at its world-renowned research and development facility.*

**Weekdays: June 27, 2024, through July 2, 2024, 8:15 a.m. – 4:30 p.m.  
Sullivan Park Campus, 184 Science Center Drive, Painted Post, New York**

*The Corning Summer Science Experience Program is a free four-day program for rising high school juniors who are interested in learning about careers in science and engineering. Students receive exclusive tours of a variety of laboratories and meet with an array of scientists and engineers. In the afternoons, students are grouped with technical professional mentors to participate in hands-on work.*

*The program offers an opportunity to discover how Corning is continuing to create the next generation of products that will change the way we work, live, and communicate. It is an opportunity to meet the people who make it happen and explore if this exciting work environment interests you.*

*With the right education and motivation, you can do anything, be anything. This is your chance to spend time in a high technology setting with some of the best and brightest in their field, see the real work and learn firsthand what it means to be a scientist or engineer in the working world.*

*Are you curious about what it takes to be a technical problem solver and find solutions that improve life for people and the environment? Would you like to have a hands-on experience and meet people who really love what they do? Then this is an opportunity for you!*

## **What else do I need to know?**

- *This free program is only open to rising high school juniors who have successfully completed at least two high school core science courses: earth science, biology, chemistry, or physics. **The program is limited to 24 students.***
- *Application forms are available from your school principal and guidance counselor's office.*
- *Interested students **MUST** submit their application and Letter of Recommendation from their science teacher, on or before April 19, 2024.*
- *Students will be notified of their acceptance on or by May 3, 2024.*
- *Students should be willing to commit four days to learning about engineering and science through active participation in the program. The program focuses on the physical sciences (material science, chemistry, physics) and engineering. It does not cover biological sciences.*
- *Students must attend each day of the program, without exception, from 8:15 am until 4:30 pm.*
- *All accepted applicants are required to attend a short informational meeting with their parent or guardian, TBD.*
- *This program is also a prerequisite for the six-week Corning Research experience that is available to rising seniors.*

CORNING

# Corning Summer Science Experience Program

*Sponsored by the Science and Technology Division of Corning Incorporated*

## Student Application Form

*(Please print legibly, in block form)*

The Corning Summer Science Experience Program (CSSE) is a free four-day program for rising high school Juniors (i.e., those currently in 10<sup>th</sup> grade), that begins on Thursday, June 27, 2024, and ends on Tuesday, July 2, 2024.

***ALL APPLICATIONS MUST be received on or before **April 19, 2024**. Applications received after this deadline will not be considered. Applications and all supporting documents\* should be sent by mail or email to:***

Corning Incorporated, Attn: Julianne Santilli, 1 Riverfront Plaza, SP-FR-02-07, Corning, NY 14831, [santillijr@corning.com](mailto:santillijr@corning.com)

***\*Please include a Letter of Recommendation from one of your current science teachers.***
